

*The Anglican Care Centre began as a dream to establish a ministry of practical Christian love in action to people in our community, especially those people who are disadvantaged.*

*The Trust was established in March 1994 by the Whangarei Anglican Parish.*

*Our services respond to people in need by Counselling, Budgeting Advice, Advocacy, Crisis help and Support.*

*Our code of ethics protects any client by ensuring confidentiality, competence and respect for individual differences and values.*

*All Counsellors have appropriate training and are affiliated to, or members of NZAC or NZCCA (the professional counselling bodies).*

*We were affiliated to NZ Federation of Family Budgeting Services Inc and are now part of the National body which came into being with the changes in MSD funding approach in 2016. All our Budget Advisers are trained and certificated.*

*In January 2010 we appointed a Seniors Community Support person to address the specific needs of supporting seniors living at home.*

*We rely on donations, grants, bequests and receive some contract funding from MSD.*

*Donations to the Whangarei Anglican Care Trust are tax deductible. Your donation helps maintain this community service.*

*Our trained staff will listen carefully and help you find answers.  
We offer a confidential service in a Christian environment.*
